A window overlooks the rear garden, ceiling spotlights add to the brightness and the space is finished with Karndean flooring that continues into the sitting end of the room, which accommodates comfortable seating and an open fire, enticing you to sit before it during the cooler months. A pair of doors lead into the dining room which benefits from a pair of French doors opening into the rear garden and allowing free flow of movement between indoor and outdoor living.

The utility room offers further storage and bench space and a composite door provides external access to the rear garden.

A second reception room, with a window to the front and one to the rear, provides an ideal space for a home office or a second television room depending on your requirements.

Taking the stairs to the first floor, the landing open out to four bedrooms and the family bathroom.

The principal bedroom is a spacious double room with a dormer window and a second window capturing views over the garden. This light and bright room offers built-in storage and a useful hand wash basin.

Bedroom 2 is a generously proportioned double room with a large window taking advantage of the garden views. This room has access into a further room, bedroom 3, which if you so wished could be a dressing room, a playroom or could be converted into en-suite facilities. A window allows for natural light.

Bedroom 4 is a large single room with built in wardrobes. Another light, bright and restful room.

The family bathroom, in need of modernisation, comprises a light blue bath, pedestal wash hand basin and a close coupled white toilet with a push button behind. Natural light enters via a large window.
